

Where to find other walks

There are many other websites, as well as books and leaflets, that have great walks.

Here are some of the good ones we know about. Please send us your suggestions for any others we should include:

- [Walks in Sussex](#)
- [Wadhurst Circular](#) a walk from Time Out Country Walks
- [East Sussex Circular Walks](#)
- [Woodland Trust](#) which has details of walks in the woods they manage

Outline details, but not maps, of walks from the East Sussex Walking Festival (9 days in September) [can be found here](#)

If you are interested in encouraging pedestrians on the streets and in making the streets safer for them, then have a look at [Living Streets](#)
